**Attachments:** Order No. 158.pdf; SB-2021-04 Service List\_10-25-22.doc

Dear Emma,

I see they are steam rolling ahead as if there was no objection. They never hesitated for a minute to keep on building. They've had a huge crew working for the last two months.

They blocked one lane on Old Mill Lane and had many many many trucks up and down for the last two months. It was hard to believe how many people they had working there. I attended a council meeting last night at Portsmouth. The counsel reminded them that they must find another way. I don't understand how they can get away with it.

I am so disappointed.

Yes you may share this,

Lawrence Silvia

Good afternoon,

Please find attached Order No. 158 issued by the RI Energy Facility Siting Board in Docket No. SB-2021-04 (the Narragansett Electric Company's Application for a License to Mobilize and Operate a Liquefied Natural Gas Vaporization Facility at Old Mill Lane). Order No. 158 grants the Narragansett Electric Company's Petition for Second Waiver Extension.

I am also attaching an updated service list. Please use this updated version for future filings.

Thank you for your attention to this matter,
